Returned with compliments

4-9-44

The proposal of the President, City Municipal Council, Mysore, to appoint V Jacob in the vacancy of the Laboratory Assistant is not regular It means the appointment of an unqualified and over-aged candidate The proposal further involves, not only the transfer of an official from one department to another, but also from the inferior to the superior service

The above vacancy was advertised as a 'special' vacancy No 835/43-44 The marginally noted candidates responded to the advertisement It is also seen from the President's letter that N Kadappa has, in fact, been appointed temporarily in this vacancy

1 N Kadappa
2 B Basappa

In these circumstances there seems to be no justification for disturbing the regular candidate in favour of an unqualified and over-aged candidate on such untenable grounds as "recruits will not stick on to the post permanently and that an experienced hand to cope up with the work satisfactorily is required" etc As a matter of fact ~~~~ Kadappa who was entertained in May 1944 must have, by this time, gained sufficient experience For the foregoing reasons the proposal need not be approved

Sir,

Subject - Re the appointment of a Laboratory Assistant on Rs 25-3-40 + 5 CA in the Health Section of the Mysore City Municipality

I have the honour to state that consequent on the resignation tendered by the incumbent Mr M N Krishna Murthy, the post of a Laboratory Assistant on Rs 25-3-40+5CA has ~~fallen~~ fallen vacant in the Health section of this Municipality with effect from 28th April, 44 The vacancy was registered as a special one in class II series to be filled up by direct recruitment after advertisement, and reported to the Public Service Commissioner for taking necessary action and to forward the applications received in response thereto The minimum qualification required for the post is a pass in the S S L C Examination with Chemistry as Optional, Candidates with previous experience of Laboratory work being preferred In the meanwhile, the Health Officer submitted the application of one V Jacob working as an attender in the Pathological Laboratory attached to the Medical College, Mysore under Dr V R Naidu, received through the Principal, Medical College, Mysore, with the recommendation that he may be selected for the place in view of his possessing the Technical knowledge for the Laboratory work and also of the fact that the post requires an experienced hand to cope with the work satisfactorily and that it would be difficult to manage the work if a raw recruit is appointed It is also found by experience that these recruits will not stick on to the job permanently with the result that there will be frequent changes and the work will in consequence suffer

From the Service Register of V.Jacob, obtained from the Principal, Medical College, Mysore, it is seen that he was entertained, to begin with, as a Laboratory peon on Rs 10/- from 26-4-1941 and was subsequently appointed as Laboratory peon on Rs 15/- with effect from 18th June 1941. His service therefore belongs to the inferior cadre. The Principal, Medical College writes to say that though he is designated as Laboratory peon, he is attending to the duties of an attender in the Pathological section. It is also seen that when he was first entertained, his age was nearly 29 years having born on 10-7-1912 and he is now thirtytwo years of age. His general qualification is that he has passed the Middle School Examination.

The vacancy which was reported to the Public Service Commissioner, was advertised ~~also since~~ and the two applications received therefor have also since been received. One N Kadappa, an S S L C. Lingayet candidate has been temporarily appointed. As it is considered desirable in the interest of efficient discharge of work in the Laboratory, to appoint an experienced hand well trained in laboratory work as suggested by the Health Officer the appointment of the said Jacob is desirable, though he may not possess the requisite general qualification and his selection is made mainly on account of his training and practical experience in the Laboratory. Dr V R.Naidu under whom he is now working has also certified that he is honest, and trustworthy and knows the laboratory methods.

I would therefore request you to be so good as to obtain sanction of Government to transfer the services of the abovenamed V.Jacob from the University to this Municipality and to exempt him from the operation of the Public Service Commission rules and also of the age limit for appointing him as Laboratory assistant in the vacancy referred to above, as he is found best suited for the place. The Principal, Medical College, Mysore, will, in the meanwhile, be requested to obtain sanction of the University to transfer his services to this Municipality.

I have the honour to be,
S i r,
Your most obedient servant,

PRESIDENT

Sir,

Subject:- Re. the appointment of a Laboratory Assistant on Rs.25-3-40 + 5 CA in the Health Section of the Mysore City Municipality.

I have the honour to state that consequent on the resignation tendered by the incumbent Mr.M.N.Krishna Murthy, the post of a Laboratory Assistant on Rs.25-3-40+5CA has fallen vacant in the Health section of this Municipality with effect from 28th April, 44. The vacancy was registered as a special one in class II series to be filled up by direct recruitment after advertisement, and reported to the Public Service Commissioner for taking necessary action and to forward the applications received in response thereto. The minimum qualification required for the post is a pass in the S.S.L.C. Examination with Chemistry as Optional. Candidates with previous experience of Laboratory work being preferred. In the meanwhile, the Health Officer submitted the application of one V.Jacob working as an attender in the Pathological Laboratory attached to the Medical College, Mysore under Dr.V.R.Naidu, received through the Principal,Medical College, Mysore, with the recommendation that he may be selected for the place in view of his possessing the Technical knowledge for the Laboratory work and also of the fact that the post requires an experienced hand to cope with the work satisfactorily and that it would be difficult to manage the work if a raw recruit is appointed. It is also found by experience that these recruits will not stick on to the job permanently with the result that there will be frequent changes and the work will in consequence suffer.

From the Service Register of V.Jacob, obtained from the Principal, Medical College, Mysore, it is seen that he was entertained, to begin with, as a Laboratory peon on Rs.10/- from 26-4-1941 and was subsequently appointed as Laboratory peon on Rs.15/- with effect from 18th June 1941. His service therefore belongs to the inferior cadre. The Principal, Medical College writes to say that though he is designated as Laboratory peon, he is attending to the duties of an attender in the Pathological section. It is also seen that when he was first entertained, his age was nearly 29 years having born on 10-7-1912 and he is now thirtytwo years of age. His general qualification is that he has passed the Middle School Examination.

The vacancy which was reported to the Public Service Commissioner, was advertised also since and the two applications received therefor have also since been received. One N.Kadappa, an S.S.L.C. Lingayet candidate has been temporarily appointed. As it is considered desirable in the interest of efficient-discharge of work in the Laboratory, to appoint an experienced hand well trained in laboratory work as suggested by the Health Officer the appointment of the said Jacob is desirable, though he may not possess the requisite general qualification and his selection is made mainly on account of his training and practical experience in the Laboratory. Dr.V.R.Naidu under whom he is now working has also certified that he is honest, and trustworthy and knows the laboratory methods.

I would therefore request you to be so good as to obtain sanction of Government to transfer the services of the abovenamed V.Jacob from the University to this Municipality and to exempt him from the operation of the Public Service Commission rules and also of the age limit for appointing him as Laboratory assistant in the vacancy referred to above. The Principal, Medical College, Mysore, will, in the meanwhile, be requested to obtain sanction of the University to transfer his services to this Municipality.

L 3847/M II-44-~~45~~/9
dt 22-10-44

To

The president-
~~the~~ Municipal Council,
Mysore

Re the transfer of the services of one V Gacar, Attender pathological Laboratory attached to the Medical College, Mysore, as a Laboratory ~~Attendant~~ Assistant on Rs 25-3-40 +5 c A

Sir,

With reference to your letter No M 6 M 3-44 dt 23-7-44, on the above subject I am directed to state that your proposal involves not only the transfer of an official from one Department to another but also from the "inferior" to "Superior" service & the appointment of an unqualified and over-aged candidate which cannot be considered to be regular and ~~not regular~~

It is also seen from your letter that one V Kadakka has been appointed against the above (Present vacancy no 835-7/43-44) advertised vacancy & there is therefore no question.

10

Calls on for disturbing the Regular candidate in favour of an underaged and unqualified candidate. As a matter of fact, Kadamba who was enlisted in May 44, must have, by this time, gained sufficient experience and in view of the fierce struggle that is going on the above proposal is therefore not acceptable to Government.

The Divisional Officer, Mysore.

I have the honour to be, Sir, Your most obedient servant, for Secy to Govt

Memo no
